

Three-phase asynchronous motor in aluminum

Voltage V	Power kW	Frequency Hz	Current A	Speed rpm
	4	50		
	4	50		
	4,6	60		

Technical drawing of a motor showing front and side views with dimensions.

Front View Dimensions:

- Top mounting flange: $\phi 28^{+0.009}_{-0.004}$, $8^{0}_{-0.036}$, $24^{0}_{-0.02}$, $31^{0}_{-0.29}$
- Motor body: 112 (width), 140 (height), 12 (flange thickness)
- Base: 60 ± 0.37 (width), 70 ± 1.5 (height), 140 (width), 12 (height)
- Total width: 397
- Total height: 229 ($\phi 229$)

Side View Dimensions:

- Top mounting flange: 112 (width), $2-M25 \times 1.5$ (mounting holes)
- Motor body: 112 (width), $112^{0}_{-0.5}$ (height), 279 (total height)
- Base: 190 (width), 220 (total width)
